THE UNIQUE WORK & LIFE EXPERIENCE

Join us for an outstanding internship in **Bulgaria!**

Organisation of Work Placements

We design individual and group work experience programmes to meet the precise needs and career objectives of our clients.

Professional Visits and Seminars - VETPRO

We organise visits to companies/organisations and specialised seminars during which beneficiaries get a deeper knowledge of a certain sector.

Tutoring and Follow Up

We guarantee 24/7 hours professional support. We take responsibility for the monitoring, control and reporting aspects of the placement elements of your programme, ensuring that participants get the overall experience you and they demand.

Language Courses

Language courses are taught by teachers experienced in teaching English or Bulgarian as a foreign language. Our partner is Intellect - Language Center (<http://www.intellect-edu.com>). The students actively exercise the 4 fundamental functions of the language: listening, speaking, reading and writing.

Accommodation

Participants are usually accommodated in fully equipped and comfortable flats shared with other beneficiaries. Participants in short-term programmes might be accommodated in hotels or hostels.

Transfer from/to the Airport

We organise the transfer by private bus or taxi at the participant's arrival and departure.

Local Transports

We provide participants with a weekly or monthly local transport pass .

Cultural Activities

We organise a wide range of visits to the most important cities and monuments in the area.

Certificates

At the end of the programme, Atlas Nova issues both a work placement and a language course certificate.

Europass

Atlas Nova will actively cooperate with the sending organisation in the issuing of the Europass Certificate.

Final Report

At the end of the programme, we prepare a final report containing all information on the project (work placement companies, professional visits, evaluations, pictures, etc...).
